# **Notes to the Financial Statements**

### 1. GENERAL INFORMATION

The Warehouse Group Limited (the Company) and its subsidiaries (together the Group) trade in the New Zealand retail and financial services sectors. The Company is a limited liability company incorporated and domiciled in New Zealand. The Group is registered under the Companies Act 1993 and is an FMC Reporting Entity under Part 7 of the Financial Markets Conduct Act (FMCA) 2013. The address of its registered office is Level 4, 4 Graham Street, PO Box 2219, Auckland. The Company is listed on the New Zealand Stock Exchange (NZX).

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The interim financial statements of the Group have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand (NZ GAAP). They comply with NZ IAS 34 Interim Financial Reporting and IAS 34 Interim Financial Reporting and consequently, do not include all the information required for full financial statements. These Group interim financial statements should be read in conjunction with the annual report for the year ended 30 July 2017.

These financial statements have been prepared under the historical cost convention except for the revaluation of certain financial instruments (including derivative instruments). The reporting currency used in the preparation of the financial statements is New Zealand dollars, rounded to the nearest thousands unless otherwise stated.

The accounting policies that materially affect the measurement of the interim financial statements have been applied on a consistent basis with those used in the audited financial statements for the 52 weeks ended 30 July 2017 and the unaudited interim financial statements for the 26 weeks ended 29 January 2017.

There have been no significant changes in accounting polices applied by the Group during the current half year period.

### Seasonality

The Group's revenue and profitability follow a seasonal pattern with higher sales and operating profits typically achieved in the first half of the financial year as a result of additional sales generated during the Christmas trading period.

### Approval of Financial Statements

These consolidated interim financial statements were approved for issue by the Board of Directors on 7 March 2018. Unless as otherwise stated, the financial statements have been reviewed by our Auditors, but are not audited.

### 3. SEGMENT INFORMATION

### Operating segments

The Group has four operating segments trading in the New Zealand retail sector. These segments form the basis of internal reporting used by management and the Board of Directors to monitor and assess performance and assist with strategy decisions.

Each of the four retail segments represent a distinct retail chain, synonymous with its segment name. Customers can purchase product from the retail chains either on-line or through the Group's physical retail store network. The Group's store network currently has 93 The Warehouse stores, 70 Warehouse Stationery stores, 79 Noel Leeming stores and 11 Torpedo7 stores. The Warehouse predominantly sells general merchandise and apparel, Noel Leeming sell technology and appliance products, Torpedo7 sells sporting equipment and as the name indicates Warehouse Stationery sells stationery.

Group support office functions, such as Information Systems, Finance, Brand Executives and People Support are operated using a shared services model which allocates the costs of these support office functions to individual brands calculated on an arm's length basis. The remaining support office functions which relate to corporate and governance functions, a property company and the Group's interest in a chocolate factory are not allocated and form the main components of the "Other Group operations" segment.

Unusual items after taxation	(2,321)	(3,408)	2,527
Net profit attributable to shareholders of the parent	35,345	41,628	70,712

Certain transactions can make the comparison of profits between years difficult. The Group uses adjusted net profit as a key indicator of performance and consider it provides a better understanding of underlying business performance and the Group also uses it as the basis for determining dividend payments (after adjusting for losses from the Financial Services Group). Adjusted net profit makes allowance for the after tax effect of unusual items which are not directly connected with the Group's normal trading activities. The Group defines unusual items as any profits or losses from the disposal of properties or investments, goodwill impairment, direct costs and adjustments relating to business acquisitions or disposals and costs connected with restructuring the Group.

Balance at the end of the period	83,078	83,078	83,078

The Group performs a detailed impairment assessment annually of the Group's intangible assets and considers if there are any indicators of impairment at each interim reporting date. The Group's interim review did not identify any significant indicators of impairment in any of the Group's cash generating units (CGU) except for the Torpedo7 Group.

The Torpedo7 trading performance during the current half year was below expectation and caused the Group to reassess the carrying value of the Torpedo7 Goodwill asset (\$25.622 million). The assessment is predicated on an improvement in trading and margin uplift, but is principally based on store expansion which will provide Torpedo7 with greater scale. The board continue to support the concept of the store expansion but recognise there is uncertainty and any adverse changes in key assumptions around the store rollout program and margin uplift could give rise to an impairment of goodwill. The Board's assessment is that the recoverable amount continues to support the existing carrying value of goodwill, however the Board will reassess the carrying value of goodwill at year end when the current Torpedo7 strategy review has been completed and there is more evidence of the impact of recently commenced business improvement initiatives.

		()	(

The Group continues to manage its foreign exchange and interest rate risks in accordance with the policies and parameters detailed in the 2017 Annual Report.

The Group's foreign exchange contracts hedge forecast inventory purchases priced in US dollars over the next 12 months. The following table lists the key inputs used to determine the fair value of the Group's foreign exchange contracts at balance date.

US Dollar forward contracts - cash flow hedges			
Notional amount (NZ\$000)	353,576	310,758	331,674
Average contract rate (\$)	0.7127	0.7034	0.7115

### 13. FAIR VALUE MEASUREMENT

The following table sets out the Group's financial instruments that are measured subsequent to initial recognition at fair values and are grouped into levels based on the degree to which the fair value is observable:

Level 1 - fair value measurements derived from quoted prices in active markets for identical assets.

Level 2 - fair value measurements derived from inputs other than quoted prices included within level 1 that are observable for the asset or liability,

Level 3 - fair value measurements derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data.

Asset / (Liability)			Unaudited	Unaudited	Audited
( 4)			As at	As at	As at
			28 January	29 January	30 July
		Note	2018	2017	2017
Derivatives used for hedging			\$ 000	\$ 000	\$ 000
Foreign exchange contracts	(Level 2)	12	(10,554)	(8,184)	(16,899)
Interest rate swaps	(Level 2)	12	(2,054)	(2,514)	(2,366)
Senior bond fair value adjustment relating to effective interest	(Level 2)	11	(647)	(291)	(541)

There has been no transfers between levels or changes in the valuation methods used to determine the fair value of the Group's financial instruments during the current and comparative periods. Sensitivities to reasonably possible changes in non-market observable valuation inputs would not have a material impact on the Group's financial results.

Specific valuation techniques used to value financial instruments are:

- Forward exchange contracts determined using forward exchange market rates at the balance date (refer note 12).
   Interest rate swaps calculated as the present value of the estimated future cash flows based on the applicable market interest yield rates at balance

Except for the Group's fixed rate senior bond (refer note 11) and derivatives (detailed above) the carrying value of the Group's financial assets and liabilities approximate fair value. The fixed rate senior bond is listed on the NZX and measured at amortised cost. The fair value of fixed rate senior bonds at balance date, based on the last price traded on the New Zealand stock exchange (level 1 valuation), were as follows.

Fixed Rate Senior Bond	Unaudited	Unaudited	Audited
	As at	As at	As at
	28 January	29 January	30 July
	2018	2017	2017

Fair value (\$000)	129,905	130,328	130,109

### 14. RESTRUCTURING COSTS

In January 2017 the Group commenced a program of changes to its business operating model. The changes were designed to drive an improvement in financial performance, reduce costs and generate greater customer relevance. The changes focused primarily on simplification to reduce complexities, drive efficiencies and increase business agility. This involved strengthening and consolidating the various Group support service functions to drive synergy benefits, deliver efficiencies and reduce complexity. It also involved combining The Warehouse and Warehouse Stationery and similarly combining the Noel Leeming and Torpedo7 Groups by integrating their operating structures and executive leadership teams.

The first stage of this process has now largely been concluded and a second phase has started. The Group has engaged global management consultancy firm, McKinsey & Company to assist with the second phase of the transformation process and strategy implementation.

### 15. DISCONTINUED OPERATIONS

On 24 July 2017, the Group announced it had approved the conditional sale of the Group's Financial Services business except for Diners Club (NZ), to Finance Now, a subsidiary of SBS Bank. Final agreement was reached on 9 September 2017 and a sale and purchase agreement was executed on that date. The Group also has plans in place to exit the Diners Club (NZ) business. As a result, the Financial Services Group is reported as a discontinued operation.

The full year results and cashflows from the Financial Services Group are as follows.

Financial Services Group results and cash flows	(Unaudited)	(Unaudited)	(Audited)

Claw back provision		1,458
Loss on business disposal	15	(1,458)

# Claw back provision

The sale of the Group's Financial Services businesses on 9 September 2017, exposes the Group to a few actual and contingent liabilities connected with a claw back provision and warranties contained in the sale and purchase agreement.

The Group will be required to pay up to an aggregate of \$3.0 million (termed claw back) if the Group's Finance receivable's impairment provisions are less than the actual write-offs experienced during the 9 month period following completion. The Group estimates this liability to be \$1.458 million at balance date.

The Group was also required to make warranties, which are typical for a transaction of this nature. These warranties are largely covered by an insurance contract, however there are some items which are not covered, such as tax claims. These warranty claims are capped at \$18.0 million (representing the purchase consideration) and expire after 18 months and have been treated as contingent liabilities.

# 17. HELD FOR SALE

The Group committed to a plan in July 2017 to exit its Financial Services credit card businesses and has executed the first part of the disposal plan when it sold the Group's Financial Services business excluding Diners Club (NZ) on 9 September 2017. Accordingly, assets and liabilities relating to the Financial Services Group are classified as held for sale at balance date. In addition to the net assets of the Financial Services Group the Group also held surplus property assets which are intended to be sold. At balance date the Group is currently in the process of selling a property at Lunn Avenue, Auckland.
